

Enclosed you will find:

June 2018 NAWS News

This NAWS News was drafted before the first Board meeting of the 2018-2020 cycle. It is focused on the 2018 World Service Conference.

2016-2017 Annual Report in Brief

Last year we started producing a one-page summary of the *Annual Report* to make it easier to distribute in service meetings and events. The *AR in Brief* is posted at www.na.org/ar for reading online as well as in two printable formats and a copy is included with this mailing. Let us know if you need multiple copies for an event or service meeting: worldboard@na.org

CBDM Basics and The Program Committee and Developing the Program

These first pieces from the Local Service Toolbox and Conventions and Events Projects have just been finalized for publication. You may recall the Conference decided that material produced by these projects would be Board-approved and subject to the same approval process as the service pamphlets. Both pieces went out to delegates for a 90-day review before the Conference. If you need more copies of these tools, you can download them from the project page, or contact World Services for multiple copies for an event or service body.
