

Good morning everyone, as always I'm grateful to be of service to this body.

The AZ Region is currently in need of a regional treasurer.

The BOD would like to reiterate that it cannot release proprietary emails addressed to the board, however is working on a statement stating what we will cover. They would also like it known that our insurance policy has always been for liability purposes and therefore covers the facility only.

Navapache area has returned the 2,500 dollar seed money for Festival of Recovery.

I spoke with our current regional treasurer and she asks that any area send their donations to the PO box.

All positions were voted on, and the vote carried in favor of our area's vote. All positions running unopposed were voted yes, and Steve S. was voted in as RDA. These positions will become active in September.

After much research and development, the region has figured out how to make all of Arizona's help lines on one 800 number. There was a colorful presentation and the takeaway's are as follows:

1. The projected cost reduces from approx \$4,500 to \$412 annually. This is the sum of all area's expenditures. According to their spreadsheet, Yavapai area alone spends just over 900 a year.
2. Any area can choose to join if they so choose, this is an opportunity and is not required. If we do move forward with this, Alex T has reached out and offered to help us get set up.
3. Many features. Any addict can call and find a meeting using the BMLT, or talk to an addict. There is also an option to read the Just For Today.

ARCNA is postponed until May 2021 and I will do my best to keep the area updated as new information becomes available.

Verde Valley area is need of an H&I and PR chairs.

If you have any questions about this or other information, please feel free to ask.

In loving service,

D.J. J
